Mr. Harold Weisberg
Rt. 8
Frederick, Md. 21701

Dear Mr. Weisberg:

Taylor Branch tells me that he continues to hold conversations with you. I have left all decisions in the matter to him, largely because I cannot envision an article on the JFK assassination appearing in Harper's monthly in the near future. In the January issue of the magazine, we will publish an article about the doubts gathering around the RFK assassination, and for the time being I expect that we will draw back from subjects of a similar nature.

I wish you well with your book, and I regret that we couldn't manage to arrive at a more satisfactory deal.

Yours,

L. H. Lapham
